## **WATTLE FARM BORDERS**

Wattle Farm Border Leicester Stud was established by Jeff Sutton and his family and operates on the western outskirts of the Riverina town of Temora. The stud was formed in 2005.

At Wattle Farm we breed our Border Leicesters with genetics you can trust which produce sheep of excellent quality, constitution, growth, length, muscling and fertility.

In 2010, Wattle Farm acquired the Young Border Leicester Australian Ram of the year which introduced Kelso genetics, Wattle Farm also has a significant financial share in the 2011 Grand Champion Ram of the Australian Sheep Show. In 2013 we acquired Coolawang Impact (Royal Adelaide Champion 2013) and Bindaree Supreme Vintage (2nd Aust Sheep Show 2013). In 2014 Wattle Farm purchased 50% share in the Melbourne Royal Champion Ram and acquired Coolawang Impact 2nd, Adelaide Champion 2014.

We have been showing our Sheep now since 2008 with tremendous success. Wattle Farm has won The Supreme Prime lamb Sire of Sydney Royal and the Grand Champion Ram of the Australian Sheep Show.

In 2015 Wattle Farm Borders has won major prizes in showing at Sydney Royal, NSW Sheepshow and Sheepvention.

Wattle Farm has also received many accolades for our Border Leicester Wool with many awards being won including the Reserve Champion British Breeds Fleece of the Australian Sheep and Wool Show and best british breeds fleece of Melbourne Royal Show.

Jeff Sutton is the current Vice President of the NSW Border Leicester Association, an Executive Committee member of the Australian Border Leicester Association and is on the Federal Panel of Sheep judges. Wattle Farm is a proud member of Sheep Genetics Australia.

Regulin is a Registered Trademark of Ceva Santé Animale, France.

Wattle Farm offers ongoing support to all our clients and a guarantee of soundness, health and fertility for any sheep we sell. We are confident that our sheep are the type that will increase profitability and sustainability of your breeding flock.

For your information please give due consideration to the following:

- Possible Insurance Cover for your Stud or flock rams for the next 6 months as rams are susceptible to injury and death in this period.
- Your new ram(s) are better placed in a paddock away from other rams and ewes until joining where he can be feed well and looked after right up until joining
- Lupins are a very good supplement around 6 weeks from joining and a proven method of increasing semen quality .
- Rams tend to work much better with a shorter fleece so shearing should be considered which will consequently limit the potential for flystrike and grass seed issues
- Remember before sending your rams out to work, check teeth, check stones and check feet and make sure all are in excellent order.
- Your new ram is best placed with mature ewes and should not be overworked as he is your investment for future years to come.
- Every time you have your rams in the yards check them thoroughly to ensure a long productive life to get the best out of them.
- Drench your rams and maintain 6 in 1 vaccinations.
- Take care of your Wattle Farm purchases as they will take care of you.
